## Custom-blended skin care, makeup and perfume

### DoshaCare

**How it works:** This 4-month-old brand uses the fundamentals of Ayurveda, a 5,000-year-old system of healing founded in India. Customers have their "doshas" — or physical and mental constitutions — identified via an online quiz. The range of basic products including cleansers, moisturizers and masks are then customized using one of the DoshaCare Elixirs, which contain traditional Ayurvedic ingredients such as neem oil, turmeric and fenugreek.

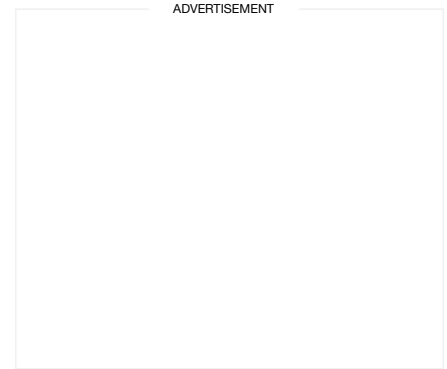

**What it costs:** \$34 to ... [Read More](#) ▼
